

## CASE STUDY

### Nestle

#### Moga

#### ARDEX ENDURA PRODUCTS:

Featured....The system proposed was complete solution floor polyurethane screed.

The products that are used in this project are as follows: -

- R 90 P
- R 70 P
- R 15 P
- R 10 P

#### Challenge

This recommendation was for a renowned food industries Nestle Moga, Punjab, where heavy duty vehicular traffic, and steam cleaning requirement were the main requirements.

#### Problem

Bigger thickness on the resinous floor is always a big challenges and problematic.

#### Solution

R 90 P nothing else! Accompanied by R 10 P and R 15 P for coving and R 70 P as well for scratch coat application

#### Unique Elements

The system recommendations were made by professional segment and the same is well demonstrated to the client during the initial discussion. This led us to bag a huge order in world class premium food industries. Later was executed by our authorized applicator Construction Brite proofing. The applicator was under constant supervision from our central technical service department executive.
