Challenge: SNS Engineering College is a leading educational institution in the field of Engineering and Technology. The management explored various options of flooring systems for their indoor gym. They wanted a floor topping with good aesthetics in specific colour and easy maintainability.

Problem/ Situation: Understanding the customer requirement ARDEX ENDURA team suggested 3mm thick Self Smoothing epoxy floor topping system incorporating few simple geometrical shapes. .

Solution: 3mm Epoxy Floor Topping System. R 3 E primer, 2mm R 24 CE and 1mm R 25 CE

Unique Elements: With the support of ARDEX ENDURA TEAM, our authorized applicator M/s Fine Tech Associates completed the job in a very professional way with meticulous planning.
