

CASE STUDY

TCS IT Park

Kolkatta

Total Sq ft: 35,000

ARDEX ENDURA PRODUCTS

- WPM 200
- R 21 CE

Challenge: Problem / Situation: The TCS turnkey contractor M/s LNT completed all the works including the service and facilities equipment installation. They wanted dust free and aesthetically good floor finish. AHU rooms, Control Panel area, Server room, Pump house floors etc also indentified to be treated with ARDEX ENDURA products.

Problem/ Situation: With Team ARDEX ENDURA experience working with this client in other regions we suggested to use highly penetrative primer and sealer and topping with self smoothing epoxy.

Solution:

- 1 mm Epoxy Floor Topping System
- WPM 200 primer and R 21 CE at 1mm thick

Unique Elements: With the support of ARDEX ENDURA TEAM, our authorized applicator M/s J S S Engineering completed the job in a very professional way with meticulous planning.
