

## CASE STUDY

### Carlsberg Crown Pvt Ltd.

Medak, Telangana

**Area:** 1250 sqm

#### Products Featured

- R 3 E - Solvent free, two component epoxy primer
- R 24 CE - Self-smoothing non-pigmented epoxy floor underlay
- R 21 CE - Self-smoothing pigmented epoxy floor topping

**Client:** Carlsberg Crown Pvt Ltd. Carlsberg Group is one of the leading brewery groups in the world today, with a large portfolio of beer and other beverage brands. Indian consumers have been experiencing Carlsberg since the 1900s, much before it commenced operations in India in 2007.

**Contractor:** Ratna Constructions, Hyderabad

**Consultant:** Nishita Associates, Bangalore

**Project Requirement:** The client required 3 mm epoxy flooring to be installed in the production area of their new plant in Medak. The floor was required to be extremely durable with high quality.

#### The Challenges:

- Economical
- Fast-track installation

**The Solution:** Looking at the client's requirements and need for speed, ARDEX ENDURA proposed a comprehensive solution of epoxy flooring of a 2 mm epoxy self leveller, R 24 CE and a 1 mm epoxy topping, R 21 CE.

**The benefit:** ARDEX ENDURA provided technical site support to Ratna Constructions to enable his team to execute the work within the time frame and satisfaction of the client.
